STAT

Again this year the address was very well received and highly praised by the audience. His lucid presentation of United States activities in the increasingly important area of the Cold War's international battlefield was a valuable contribution to the professional growth and knowledge of our student officers.

It was a pleasure to have had as our guest again this year, and I hope that we may look forward to another visit in the future.

STAT

Sincerely,

W. A. JENSEN Brigadier General, USA Assistant Commandant MARZ! 4 36 PM 12,20 1 40 PM 261
